

## Annual Notice of Physical Education Requirements

Irvine Unified School District strives to provide the highest quality educational experience we can envision for our students. Included in that is a high quality physical education (P.E.) program in our elementary schools. California Education Code governs how much PE is taught in each classroom. As per California Education Code 51210(g), first through sixth grade teachers are required to teach 200 minutes of physical education over 10 instructional days. It is at the discretion of the classroom teacher as to how and when these minutes are distributed over this time frame. We are providing this notice to inform parents/guardians that, if they have questions regarding P.E. minutes, they should first contact their child's teacher or principal. If they are not satisfied with the school's response, they may contact the Director of Elementary Education. If there is an interest in filing a formal complaint with the district regarding P.E. minutes of instruction, parents are to use IUSD's General Complaint Form which can be accessed by clicking this link: [IUSD Complaint Procedures](#). We in IUSD encourage a well-rounded educational experience, and physical education is a strong component of that experience.
