

General Student Conduct

Academic and personal integrity is to be adhered to at all times. Any issues related to problems of a disciplinary nature, in or out of school, including threats, bullying, harassment, or hazing may result in disciplinary consequences. Students convicted of a crime, including violation of Technological Resources Acceptable Use Policy, theft or acts of violence/vandalism, will also warrant consequences.

Booster Clubs Purpose

Booster Clubs are school-connected organizations. As such, Booster Clubs should reflect and work collaboratively within school and district guidelines. The role of a Booster Club is to be supportive of programs rather than to influence the direction or content of programs.

Learning Through Winning in Competition

In winning, as in losing, the long-range value of the experience is promoted under certain conditions. An undue emphasis on winning can easily leave the false impression with student athletes that their athletic activity has value **ONLY** if the competition results in a “win.”

Parents can help athletes learn the real value of winning by:

- Offering congratulations for winning **AND** identifying and discussing the efforts made by individuals and by the team.
- Rewarding the winning efforts **AND** rewarding the growth in individuals and in the team - the growth that contributed to the win.
- Emphasizing competitiveness.
- Emphasizing doing your best.
- Reinforcing a growth mindset by emphasizing the process of development, the effort and choices one can personally control.

Athletic Injuries

NCAA Standards

Many college athletic programs are regulated by the National Collegiate Athletic Association (NCAA), an organization that has established rules on eligibility, recruiting, and financial aid. If students are applying to college and plan to

participate in sports, they must be certified by the NCAA. Students wanting to participate in college athletics should start the certification process by the end of their junior year.

Conduct of Coaches*

Above all else, athletics at the high school level is an educational endeavor. Athletes learn lessons that serve them for their entire lives. Among these are sportsmanship, perseverance, teamwork, and appropriate responses to winning and to losing. For these lessons, each coach is the teacher.

* See full Athletic Handbook for Academic Probation details.

Conduct of Parents and Spectators

At the high school level, the importance of parents behaving as model spectators cannot be overstated. Spectators, both students and adults, are an important and integral part of all athletic events. Spectators serve to validate the positive values learned through athletic experiences and to support the personal efforts and successes of individual athletes.

Conduct of Athletes*

Athletics within Irvine Unified School District follow CIF policies and procedures, as well as guidelines for conduct of participants.

With this as a base, schools and coaches may communicate additional expectations and consequences. While "Pursuing Victory with Honor," we expect our student athletes to:

- *Treat one another and opponents with respect.*
- *Respect the judgment of officials, abide by the rules of the game, and promote positive behavior from parents and fans.*
- *Accept seriously the responsibility and privilege of representing the school community, displaying positive public action at all times.*
- *Promote sportsmanship and help to foster the development of good character.*
- *Remember that academics is a priority and that character building is essential.*
